## About Us

◆ Archellux is an OEM/ODM built-in hobs, built-in ovens, and toaster grill manufacturer which located in the Eskisehir Industrial Zone. Archellux products are presented in both Turkish bazaars and the Russian, North African, East European, and Middle Asian bazaars. Archellux has an annual production capacity of 300,000 units, including 120,000 toasters, 52,000 ovens, and 130,000 built-in hobs in three production lines, with its expert administrative and engineering staff and experienced production personnel, and the philosophy of quality as our priority. In addition, Archellux aims to become a leading company in the sector in the production of both small household appliances and kitchen equipment with the mini oven and hood production lines that will be put into operation in 2024.
